

retail industry refrigeration bumpers

100%
AMERICAN
manufacturing

Tooled for All Major Brands

Providing **speedy turnaround times & cost savings** for reskinning and refabrication of retail refrigeration.

Variety of Approved Colors

No need to compare, our **colors are approved for every major brand** in the retail refrigeration market.

We use Green ABS Plastic

"Greener" profiles produced with the highest quality ABS plastics help to **ensure your clients satisfaction** with your reskinning services.

We Are Custom Plastics, Inc.

Small | Agile | Experienced

Family owned and operated for six decades, Custom Plastics, Inc. has served as the Midwest's premier plastic extrusion and injection molding company. As an OEM manufacturer, we have the experience and capabilities to produce plastic bumpers that provide the highest level of protection for retail refrigeration units.

Why Choose Our Bumpers

Protect valuable refrigeration and freezer units with Custom's superior line of bumpers.

- 1 Our **High-Impact ABS Plastic** will never fade in color or become brittle over time
- 2 All of our pre-tooled bumpers are able to **ship within two weeks**
- 3 From production to delivery, our **dedicated customer service team** is always at your side
